

# Bloom

Magnus Long

## Technical

Bloom is a family of pedestal tables featuring a subtle waist at the foot of the stem, as if the table were growing from the base plate. Manufactured from laser cut steel with a machined, solid steel intersection in black, grey or white powder coat, Bloom has tops available in black or white solid core laminate or oak with a birch-ply core. In eight different sizes, for a whole host of functions, Bloom is available as a coffee table, bistro table, dining table, side table and a laptop table with off centred stem. Despite its technical innovation, Magnus Long's family of tables remains delicate and organic.

### Materials

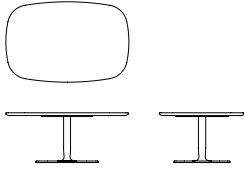

Top	Solid core or oak veneer with birch-ply
Base	Laser cut mild steel base with machined steel collar and tubular steel stem. Powder coated finish in RAL 9016 Traffic White or RAL 7021 Black Grey c/w felt glides
