

Edge High back

PearsonLloyd

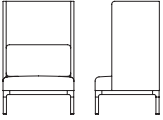

Technical

In today's open-plan office scape, high back seating offers seclusion, privacy, acoustic management and a place of refuge from a fast paced environment. What sets Edge high back seating apart is the refined simplicity of its aluminium frame and the elegantly crafted upholstery that encloses without closing in. Choose between thick or thin upholstery, as a chair or sofa, or combine with upholstered screens and pedestal tables to create individual booths for impromptu meetings and quiet concentration.

Materials

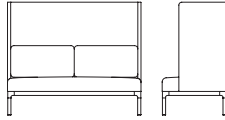

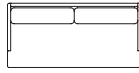

Top	Available in a selection of materials, see finishes.
